

2018

1. Remission of proteinuria in multidrug-resistant idiopathic nephrotic syndrome following immunoglobulin immunoabsorption. Nattes E, Karaa D, Dehoux L, Peuchmaur M, Kwon T, Deschênes G. *Acta Paediatr*. 2018 Sep 19. doi: 10.1111/apa.14582.
2. Effect of different rituximab regimens on B cell depletion and time to relapse in children with steroid-dependent nephrotic syndrome. Hogan J, Dossier C, Kwon T, Macher MA, Maisin A, Couderc A, Niel O, Baudouin V, Deschênes G. *Pediatr Nephrol*. 2018 Aug 14. doi: 10.1007/s00467-018-4052-x.
3. Transethnic, Genome-Wide Analysis Reveals Immune-Related Risk Alleles and Phenotypic Correlates in Pediatric Steroid-Sensitive Nephrotic Syndrome. Debiec H, Dossier C, Letouzé E, Gillies CE, Vivarelli M, Putler RK, Ars E, Jacqz-Aigrain E, Elie V, Colucci M, Debette S, Amouyel P, Elalaoui SC, Sefiani A, Dubois V, Simon T, Kretzler M, Ballarin J, Emma F, Sampson MG, Deschênes G, Ronco P. *J Am Soc Nephrol*. 2018 Jul;29(7):2000-2013
4. Treating the idiopathic nephrotic syndrome: are steroids the answer? Deschênes G, Dossier C, Hogan J. *Pediatr Nephrol*. 2018 Jun 4.
5. Autoantibodies against podocytic UCHL1 are associated with idiopathic nephrotic syndrome relapses and induce proteinuria in mice. Jamin A, Berthelot L, Couderc A, Chemouny JM, Boedec E, Dehoux L, Abbad L, Dossier C, Dugas E, Monteiro RC, Deschênes G. *J Autoimmun*. 2018 May;89:149-161.
6. Clinical and genetic heterogeneity in familial steroid-sensitive nephrotic syndrome. Dorval G, Gribouval O, Martinez-Barquero V, Machuca E, Tête MJ, Baudouin V, Benoit S, Chabchoub I, Champion G, Chauveau D, Chehade H, Chouchane C, Cloarec S, Cochat P, Dahan K, Dantal J, Delmas Y, Deschênes G, Dolhem P, Durand D, Ekinci Z, El Karoui K, Fischbach M, Grunfeld JP, Guignon V, Hachicha M, Hogan J, Hourmant M, Hummel A, Kamar N, Krummel T, Lacombe D, Llanas B, Mesnard L, Mohsin N, Niaudet P, Nivet H, Parvex P, Pietrement C, de Pontual L, Noble CP, Ribes D, Ronco P, Rondeau E, Sallee M, Tsimaratos M, Ulinski T, Salomon R, Antignac C, Boyer O. *Pediatr Nephrol*. 2018 Mar;33(3):473-483.
7. Treatment by immunoabsorption for recurrent focal segmental glomerulosclerosis after paediatric kidney transplantation: a multicentre French cohort. Allard L, Kwon T, Krid S, Bacchetta J, Garnier A, Novo R, Deschenes G, Salomon R, Roussey G, Allain-Launay E. *Nephrol Dial Transplant*. 2018 Jun 1;33(6):954-963.
8. Idiopathic nephrotic syndrome. Boyer O, Baudouin V, Bérard E, Dossier C, Audard V, Guignon V, Vrillon I. *Arch Pediatr*. 2017 Dec;24(12):1338-1343.

9. Treatments of steroid-dependent nephrotic syndrome in children. Couderc A, Bérard E, Guignon V, Vrillon I, Hogan J, Audard V, Baudouin V, Dossier C, Boyer O. Arch Pediatr. 2017 Dec;24(12):1312-1320

2012-2017

10. Treatment by immunoadsorption for recurrent focal segmental glomerulosclerosis after paediatric kidney transplantation: a multicentre French cohort. Allard L, Kwon T, Krid S, Bacchetta J, Garnier A, Novo R, Deschenes G, Salomon R, Roussey G, Allain-Launay E. Nephrol Dial Transplant. 2017 Jul 28.
11. Variability of diagnostic criteria and treatment of idiopathic nephrotic syndrome across European countries. Deschênes G, Vivarelli M, Peruzzi L; ESPN Working Group on Idiopathic Nephrotic Syndrome. Eur J Pediatr. 2017 May;176(5):647-654.
12. Idiopathic nephrotic syndrome: the EBV hypothesis. Dossier C, Jamin A, Deschênes G. Pediatr Res. 2017 Jan;81(1-2):233-239.
13. Epidemiology of idiopathic nephrotic syndrome in children: endemic or epidemic? Dossier C, Lapidus N, Bayer F, Sellier-Leclerc AL, Boyer O, de Pontual L, May A, Nathanson S, Orzechowski C, Simon T, Carrat F, Deschênes G. Pediatr Nephrol. 2016 Dec;31(12):2299-2308.
14. Mycophenolate mofetil in steroid-dependent idiopathic nephrotic syndrome. Dehoux L, Hogan J, Dossier C, Fila M, Niel O, Maisin A, Macher MA, Kwon T, Baudouin V, Deschênes G. Pediatr Nephrol. 2016 Nov;31(11):2095-101.
15. Cytomegalovirus infection can mimic genetic nephrotic syndrome: a case report. Hogan J, Fila M, Baudouin V, Peuchmaur M, Deschênes G, Niel O. BMC Nephrol. 2015 Sep 22;16:156
16. Prevalence of herpesviruses at onset of idiopathic nephrotic syndrome. Dossier C, Sellier-Leclerc AL, Rousseau A, Michel Y, Gautheret-Dejean A, Englender M, Madhi F, Charbit M, Ulinski T, Simon T, Jacqz-Aigrain E, Deschênes G. Pediatr Nephrol. 2014 Dec;29(12):2325-31.
17. Fulminant viral myocarditis after rituximab therapy in pediatric nephrotic syndrome. Sellier-Leclerc AL, Belli E, Guérin V, Dorfmueller P, Deschênes G. Pediatr Nephrol. 2013 Sep;28(9):1875-9.
18. Rituximab is an efficient and safe treatment in adults with steroid-dependent minimal change disease. Munyentwali H, Bouachi K, Audard V, Remy P, Lang P, Mojaat R, Deschênes G, Ronco PM, Plaisier EM, Dahan KY. Kidney Int. 2013 Mar;83(3):511-6.
19. Mycophenolate mofetil for steroid-dependent nephrotic syndrome: a phase II Bayesian trial. Baudouin V, Alberti C, Lapeyraque AL, Bensman A, André JL, Broux F, Cailliez M, Decramer S, Niaudet P, Deschênes G, Jacqz-Aigrain E, Loirat C. Pediatr Nephrol. 2012 Mar;27(3):389-96.

20. Rituximab in steroid-dependent idiopathic nephrotic syndrome in childhood--follow-up after CD19 recovery. Sellier-Leclerc AL, Baudouin V, Kwon T, Macher MA, Guérin V, Lapillonne H, Deschênes G, Ulinski T. *Nephrol Dial Transplant*. 2012 Mar;27(3):1083-9.
21. Physiopathology of idiopathic nephrotic syndrome: lessons from glucocorticoids and epigenetic perspectives. Elie V, Fakhoury M, Deschênes G, Jacqz-Aigrain E. *Pediatr Nephrol*. 2012 Aug;27(8):1249-56.
